PASS TO NPIC

1. HQRS HAS DELEGATED TO NPIC THE AUTHORITY TO REMOVE FROM CORONA MSNS CERTAIN PORTIONS OF MSN PRODUCT EXPOSED OVER A HIGHLY SENSITIVE AREA.

2. AN EVALUATION OF FRAMING CAMERA CAPABILITY TO PRODUCE INTELLIGENCE DATA MUST BE MADE PRIOR TO REACHING A DECISION ON BLANKET REMOVAL OF FRAMING CAMERA FILM OVER THE SAME SENSITIVE AREA.

3. OUR BEST ESTIMATE IS THAT DUE TO FAILURE OR ERRATIC OPERATION FILM IN THE FRAMING CAMERA HAS NOT BEEN EXPOSED OVER THE SENSITIVE AREA. HOWEVER, IT IS MOST IMPORTANT THAT IF ANYONE SUSPECTS THAT THE AREA HAS BEEN PHOTOGRAPHED BY THE FRAMING CAMERA AN EVALUATION OF THE CAMERAS CAPABILITY BE MADE AND THESE FINDINGS ARE FORWARDED TO HQRS IMMEDIATELY.

4. HQRS WILL THEN MAKE THE DECISION REGARDING THE APPROPRIATE ACTION TO BE TAKEN ON THE EXPOSED FRAMING CAMERA FILM.
